

## Area Highlights

The Myron and Sonya Glassberg Family CA is located in northern Jefferson County. To reach the area, go south on Route W from I-44 in Eureka, then take Hwy FF West for 4.3 miles. The acquisition of this 429 acre tract was made possible through a donation from the Myron and Sonya Glassberg Family and the USDA Forest Service Forest Legacy Program. The property is located within the LaBarque Creek and Meramec Watersheds, with soils derived from limestone and dolomite on the upper slopes and St Peter Sandstone in the valleys. There is a variety of plant communities, including upland dolomite/limestone woodlands, limestone/dolomite and sandstone forests and bottomland forests along with old fields on the lower slopes. The woods are dominated by oaks, hickory, maple and cedar with an understory of flowering dogwood and redbud. There are several intermittent streams and a three acre fishing lake.

## Recreational Opportunities

BirdWatching - Hiking - Hunting – Fishing  
Outdoor Photography – Wildlife Viewing

- No fireworks.
- No open fires.
- No camping or swimming is allowed.
- Bicycling and horseback riding are prohibited.
